

Literature Review Assignments
An investigation of Human-Computer Interaction

Due date: Monday, January 21, 2019

You are undertaking a literature review for two reasons: first to identify and summarize existing research on a topic you have a question about; and second, to evaluate that research as it applies to your research question.

The purpose of this assignment is to facilitate your abilities to research a topic of study so you can learn to (1) identify and formulate an inquiry question that defines what you'd like to learn, (2) know how to search and locate literature (eg. Journal articles) using library and internet resources; (3) analyze information found in educational journal articles, and (4) synthesize new knowledge into a written literature review and (5) establish context for your inquiries.

Assignment Description:

For this assignment you are asked to complete a literature review on the above stated topic. You are asked to locate at least 4 peer-reviewed articles on your topic and write a **2** pages (maximum) literature review on the articles you've selected plus a bibliography, maintaining APA style.
